Please note that the Accelerated 16-Month M.S.W. program does not apply to specialized M.S.W. programs such as the School Social Work Certificate Program, Trauma Certificate Program, or Health Care Certificate Program, which need to be completed either full-time or part-time in 24, 36 or 48 months.

Please also note that the alternative accelerated schedule which includes a summer semester of field education will somewhat limit the first year of field placement choices.

¹ Year one students in the 16-Month program will take Social Work Practice online. Students will be contacted via email by the SSW online program regarding registration. Students will receive schedule options for SWO 421A by the end of November. Students will receive schedule options for SWO 421B by the end of March.

²Students must stay in the same section (day, time, and professor) of Practice (SW 424) for both fall and spring semester.

***Students are required to follow course sequencing in the program plan. Any deviations must be approved by Advisor.**
